Transition

Our aim this half term is to ensure the children are settled and happy in their new classes and ready for learning. We will focus on developing relationships, speaking and listening, establishing routines and taking care of the environment.

We learn through play and exploration so your children will be extremely busy during the school day. These are some of the things you may expect to see throughout this half term:

Your children may be very tired as they get used to being at school.

They may come home messy as they have access to lots of hands on experiences (We do provide aprons but we suggest they bring a spare set of clothes).

Your child may need encouragement to talk about what they have done in school.

We want your child's time at school to be something you are part of. If you have any concerns or ideas about activities we could try out please talk to us.
