

Year 2 newsletter Spring 2

Dear Parents and Carers,

We hope you and your family had a restful break. Welcome back to the final half of our Spring term!

The children in Year 2 have settled back quickly into their learning and have shown us already in just one week their continued enthusiasm for new learning and resilience to always try their best. Keep up the good work!

Tests: As SATs draw ever closer, our timetable will help the children prepare for the forthcoming tests in May. Next week, we will teach them test technique, followed by some practice tests the week after to see how they are managing independently.

Our learning: In English, we are reading 'Lila and the Secret of Rain'. In maths, we will be introducing Mass/Weight, Position and Direction, Symmetry, and Finding the Difference. In geography, we will be deciding if we would prefer to live in England or Kenya.

SRE: The title of our PSHE topic for this half term is Healthy Me. In addition to looking at how to stay healthy, we will also teach the children the scientific names for body parts. If you would like to discuss the content of this particular lesson, please do not hesitate to contact me.

Miss Mathieson

Year 2 lead
