7) School ethos

Gainsborough Primary School community recognises that bullying, especially if left unaddressed, can have a devastating effect on individuals; it can create a barrier to learning and have serious consequences for mental wellbeing. By effectively preventing and tackling bullying, our schools can help to create safe, disciplined environment, where pupils are able to learn and fulfil their potential.

Our Community:

- Monitors and reviews our anti-bullying policy and practice on a regular basis.
- Supports staff to promote positive relationships, to help prevent bullying.
- Recognises that some members of our community may be more vulnerable to bullying and its impact than others; being aware of this will help us to develop effective strategies to prevent bullying from happening and provide appropriate support, if required.
- Will intervene by identifying and tackling bullying behaviour appropriately and promptly.
- Ensures our pupils are aware that bullying concerns will be dealt with sensitively and effectively; that everyone should feel safe to learn and abide by the anti-bullying policy.
- Requires all members of the community to work with the school to uphold the anti-bullying policy.
- Reports back to parents/carers regarding concerns on bullying, dealing promptly with complaints.
- Seeks to learn from good anti-bullying practice elsewhere.
- Utilises support from the Local Authority, Eko Trust and other relevant organisations (including the NSPCC) when appropriate.

8) Responding to bullying

The following steps may be taken when dealing with all incidents of bullying reported to the school:

- If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached or witnessed the concern.
- The school will provide appropriate support for the person being bullied – making sure they are not at risk of immediate harm and will involve them in any decision-making, as appropriate.

- The headteacher/ another member of leadership/ designated safeguarding lead will interview all parties involved.
- The designated safeguarding lead will be informed of all bullying issues where there are safeguarding concerns.
- The school will inform other staff members, and parents/ carers, where appropriate.
- Consequences (as identified within the school behaviour policy) and support for individuals will be implemented, in consultation with all parties concerned.
- If necessary, other agencies may be consulted or involved, such as: the police (if a criminal offence has been committed) or other local services including early help or children's social care (if a child is felt to be at risk of significant harm).
- Where the bullying takes place off school site or outside of normal school hours (including cyberbullying), the school will ensure that the concern is fully investigated. Appropriate action will be taken, including providing support and implementing consequences in school in accordance with the school's behaviour policy.
- A clear and precise account of the incident will be recorded by the school in accordance with existing procedures. This will include recording appropriate details regarding decisions and action taken.

Cyberbullying

When responding to cyberbullying concerns, the school will:

- Act as soon as an incident has been reported or identified.
- Provide appropriate support for the person who has been cyberbullied and work with the person who has carried out the bullying to ensure that it does not happen again.
- Encourage the person being bullied to keep any evidence (screenshots) of the bullying activity to assist any investigation.
- Take all available steps where possible to identify the person responsible. This may include:
 - looking at use of the school systems;
 - identifying and interviewing possible witnesses;
 - Contacting the service provider and the police, if necessary.
- Work with the individuals and online service providers to prevent the incident from spreading and assist in removing offensive or upsetting material from circulation. This may include:
 - Support reports to a service provider to remove content if those involved are unable to be identified or if those involved refuse to or are unable to delete content.
 - Confiscating and searching pupils' electronic devices, such as mobile phones, in accordance with the law and also the school searching and confiscation policy.
 - Requesting the deletion of locally-held content and content posted online if they contravene school behavioural policies.
- Ensure that sanctions are applied to the person responsible for the cyberbullying; the school will take steps to change the attitude and behaviour of the bully, as well as ensuring access to any additional help that they may need.
- Inform the police if a criminal offence has been committed.
- Provide information to staff and pupils regarding steps they can take to protect themselves online. This may include:
 - advising those targeted not to retaliate or reply;
 - providing advice on blocking or removing people from contact lists;
 - helping those involved to think carefully about what private information they may have in the public domain.

Supporting pupils

Pupils who have been bullied will be supported by:

- Reassuring the pupil and providing continuous support.

- Offering an immediate opportunity to discuss the experience with their teacher, the designated safeguarding lead, or a member of staff of their choice.
- Being advised to keep a record of the bullying as evidence and discuss how to respond to concerns and build resilience as appropriate.
- Working towards restoring self-esteem and confidence.
- Providing ongoing support; this may include: working and speaking with staff, offering formal counselling, engaging with parents and carers.
- Where necessary, working with the wider community and local/national organisations to provide further or specialist advice and guidance; this could include support through Early Help or Specialist Children's Services, or support through Child and Adolescent Mental Health Services (CAMHS).

Pupils who have perpetrated the bullying will be helped by:

- Discussing what happened, establishing the concern and the need to change.
- Informing parents/carers to help change the attitude and behaviour of the child.
- Providing appropriate education and support regarding their behaviour or actions.
- If online, requesting that content be removed and reporting accounts/content to service provider.
- Consequences, in line with school behaviour/discipline policy; this may include official warnings, removal of privileges (including online access when encountering cyberbullying concerns), and internal or external exclusions.
- Where necessary, working with the wider community and local/national organisations to provide further or specialist advice and guidance; this may include involvement from the Police or referrals to Early Help, Specialist Children's Services, or Child and Adolescent Mental Health Services (CAMHS) as appropriate.

We use mediation and Restorative Justice to support children; we encourage open discussion between the instigator/perpetrator and those who have been targeted. This allows the instigator to begin to understand the impact their behaviour has on others. If it has been found to be repetitive or serious bullying the perpetrator is removed from social situations with their peers, for an agreed period of time and parents are invited into school to discuss a way forward. In severe or prolonged bullying, in addition to being removed from social situations, a discussion will take place with the parents about the possibility of exclusion.

Teachers will help prevent bullying through other learning opportunities and support healthy friendships and play opportunities. By encouraging children to tell if they have been bullied or have seen someone else being bullied we aim to promote assertiveness but not aggression. It is expected that staff model appropriate language and behaviour.

Golden Rules should be observed at all times. Our classroom code sets out all our expectations and the rewards and consequences which go with them.

All adults who supervise children in the playground will need to follow agreed procedures.

Minor incidents should be dealt with at the time by giving the children a reminder of the Golden Rules and suggesting a different way to behave.

Violent incidents and name calling are not necessarily bullying. Unkind behaviour should be investigated thoroughly and then dealt with firmly. Bullying is less common and requires different strategies. It can never be assumed unless thoroughly investigated and must never be called bullying unless proved.

Bullying often takes place where it cannot be seen so it is important that there is always a member of staff in and around the toilets. All other members of staff must be separate from each other, involving children in games where possible, but maintaining a view of the whole play area. When not involved in games staff should patrol the entire playground, joining large gatherings of children to

avoid any problem behaviour escalating, engaging the children in conversation to get to know them and, watching for dangerous behaviour such as, kicking, running without looking etc.

Supporting adults

Our school takes measures to prevent and tackle bullying among pupils; however, it is equally important to recognise that bullying of staff and parents, whether by pupils, parents or other staff members, is unacceptable.

Adults (staff and parents) who have been bullied or affected will be supported by:

- Offering an immediate opportunity to discuss the concern with the designated safeguarding lead, a senior member of staff and/or the headteacher.
- Advising them to keep a record of the bullying as evidence and discuss how to respond to concerns and build resilience, as appropriate.
- Where the bullying takes place off school site or outside of normal school hours (including online), the school will still investigate the concern and ensure that appropriate action is taken in accordance with the schools behaviour and discipline policy.
- Reporting offensive or upsetting content and/or accounts to the service provider, where the bullying has occurred online.
- Reassuring and offering appropriate support.
- Working with the wider community and local/national organisations to provide further or specialist advice and guidance.

Adults (staff and parents) who have perpetrated the bullying will be helped by:

- Discussing what happened with a senior member of staff and/or the headteacher to establish the concern.
- Establishing whether a legitimate grievance or concern has been raised and signposting to the school's official complaints procedures.
- If online, requesting that content be removed.
- Instigating disciplinary, civil or legal action as appropriate or required.

9) Preventing bullying

Environment

The whole school community will:

- Create and support an inclusive environment which promotes a culture of mutual respect, consideration and care for others, which will be upheld by all.

- Openly discuss differences between people that could motivate bullying, such as: religion, ethnicity, disability, gender, sexuality or appearance related difference. Also children with different family situations, such as looked after children or those with caring responsibilities.
- Challenge practice and language which does not uphold the values of tolerance, non-discrimination and respect towards others.

- Ensure that all pupils know how to express worries and anxieties about bullying.
- Ensure that all pupils are aware of the range of sanctions which may be applied against those engaging in bullying.
- Involve pupils in anti-bullying campaigns in schools and embedded messages in the wider school curriculum.
- Publicise the details of internal support, as well as external helplines and websites.
- Offer support to pupils who have been bullied and to those who are bullying in order to address the problems they have.

11) Involvement and liaison with parents and carers

We will:

- Take steps to involve parents and carers in develop policies and procedures, to ensure they are aware that the school does not tolerate any form of bullying.
- Make sure that key information about bullying (including policies and named points of contact) is available to parents/carers in a variety of formats.
- Ensure all parents/carers know who to contact if they are worried about bullying and where to access independent advice.
- Work with all parents/carers and the local community to address issues beyond the school gates that give rise to bullying.
- Ensure that parents work with the school to role model positive behaviour for pupils, both on and offline.
- Ensure all parents/carers know about our complaints procedure and how to use it effectively, to raise concerns in an appropriate manner.

12) Monitoring and review: putting policy into practice

The school will ensure that they regularly monitor and evaluate mechanisms to ensure that the policy is being consistently applied.

Any issues identified will be incorporated into the school's action planning.

The headteacher will be informed of bullying concerns, as appropriate.
